AMCAT conducted at SGSITS, Indore

New Delhi, November 29, 2009: Aspiring Minds has a growing list of institutes being assessed through it’s flagship product AMCAT. The latest institute to be assessed is Shri Govindram Seksaria Institute of Technology & Science (SGSITS), Indore where AMCAT was conducted to assess the entire B.Tech batch of 2010. Till date, AMCAT has been used to assess 55,000 students across 300 campuses in more than 12 states of India including various NITs like NIT Surat, Allahabad, Jamshedpur, Hamirpur, Jaipur, Bhopal & Kurukshetra.

Aspiring Minds Co-founder, Varun Aggarwal, an MIT USA alumnus stated “SGSITS is a leading institute with a high regard in the state of Madhya Pradesh. Aspiring Minds was setup to bring to the table a simple solution that would address the core issue of bridging the gap between the corporate world & students who are generally not able to meet on a common platform due to location related constraints. AMCAT was conceived to provide a standardized platform where a pre-assessed pool of students can be accessed by corporates for fresher hiring. We believe that students from institutes like SGSITS located in various states shall now have a greater visibility before corporates that are generally located in metros.”

ABOUT ASPIRING MINDS

Aspiring Minds Assessment Pvt. Ltd. is an assessment technology pioneer in India, a full spectrum of assessments including Language, Aptitude, Skill and Personality assessment. Aspiring Minds’ conducts AMCAT - India’s Largest Employability Test creating one of the most extensive and reliable assessment data bank enabling equal opportunity hiring of entry level talent across the Industry.
