Aspiring Minds participates in Bangalore INDIA BIO

Bangalore, May 6, 2011: Aspiring Minds had been invited to participate in the recently held conference on Biotechnology in Bangalore. The conference was held from 4th May’11 to 6th May’11. Varun Aggarwal, Co-founder & Director at Aspiring Minds was a part of the panel discussion at the conference. The topic of the panel discussion was “Challenges while recruiting ‘industry ready’ workforce”. Varun talked about how a standardized assessment is a missing link between employable graduating students and companies looking for talented candidates for jobs in the biotechnology industry. The panel discussed the launch of AMCAT-BIO, a test that shall be conducted for candidates aspiring for the life science’s industry. The panel also announced the launch of biotechnology finishing schools supported by the Vision Group of Biotechnology.

Aspiring Minds had also set-up a stall at the conference with Kiosk wherein students and people from industry could take a demo of the various modules of AMCAT-Bio, assessments for biotechnology and pharmaceutical industry. There were 5000+ footfalls at the kiosk set-up by Aspiring Minds and the feedback on AMCAT-Bio by students and industry alike has been very positive.
ABOUT ASPIRING MINDS

Aspiring Minds Assessment Pvt. Ltd. is an assessment technology pioneer in India, a full spectrum of assessments including Language, Aptitude, Skill and Personality assessment. Aspiring Minds’ assessments are based on proprietary algorithms for computer based adaptive, standardized and reliable assessments. Aspiring Minds helps companies identify talent across the Nation, shortlist & hire.
